

CONTENTS—VOL. VI, PART I, 1876-77, 1877-78.

	PAGE
I. On the Fossils of the Upper Series of the Lower Carboniferous Limestones, in the Beith and Dalry Districts of North Ayrshire. By Robert Craig, Langside, Beith, Corresponding Member,	1
II. Description of a Dry River Bed in North Chile. By Thomas King,	18
III. On the Presence of Hermit Crabs in the Post-Tertiary Clays of the Clyde Basin. By David Robertson, F.L.S., F.G.S.	23
IV. Notes on Crinoids from Inverteil, Fifeshire. By Arthur Pratt,	25
V. Remarks upon Prof. Hull's proposed Triple Division of the Carboniferous Strata, as contained in a Paper entitled "On the Upper Limit of the essentially Marine Beds of the Carboniferous System in the British Isles, and the necessity for the establishment of a Middle Carboniferous Group," which he read before Section C of the British Association, Glasgow, 1876. By John Young, F.G.S., <i>Vice-President</i> [Abstract],	26
VI. Notes on the Limestone Strata of the District around Glasgow. By John Young, F.G.S., <i>Vice-President</i> ,	29
VII. The Internal Condition of the Earth; as to Temperature, Fluidity, and Rigidity. By Sir William Thomson, LL.D., F.R.S., &c., Professor of Natural Philosophy in the University of Glasgow, <i>President</i> ,	38
VIII. On the Discovery of Whale Remains in the Clays of the Carse of Stirling. By James F. Stewart,	49
IX. On Retiolites. By James Dairon, <i>Vice-President</i> ,	51
X. On the Post-Tertiary Fossiliferous Bed at the New Gas Tank, Paisley. By David Robertson, F.L.S., F.G.S. With a Plate [I.],	53
XI. Additions to the List of Polyzoa of Garvel Park Post-Tertiary Deposit. By David Robertson, F.L.S., F.G.S.,	57
XII. Scottish Trap Rocks and their Structure under the Microscope. By Arthur Pratt,	58
XIII. A New Scottish Mineral (Bowlingite). By John Young, F.G.S., <i>Vice-President</i> ,	63
XIV. Australian Gold-Quartz in Scotland. By W. Lauder Lindsay, M.D., F.R.S.E., F.L.S.,	68

	PAGE
XV. Notes on the Varieties of Trap Rocks found on the Coast of Ayrshire, near Largs. By David Corse Glen, F.G.S.,	72
XVI. Recent Discoveries among the Silurians of South Scotland. By Charles Lapworth, F.G.S., St. Andrews [Summary],	78
XVII. Craignethan and its Vicinity. By John R. S. Hunter, LL.D., D.Sc., Corresponding Member,	84
XVIII. On the Jointed Prismatic Structure in Basaltic Rocks. By James Thomson, LL.D., D.Sc., Professor of Civil Engineering and Mechanics in the University of Glasgow. [Abstract.] With three Plates [II., III., and IV.],	95
Proceedings for the Session, 1876-77,	111
Proceedings for the Session, 1877-78,	122
Records of Excursions:—	
Killearn, Queen's Birthday, 1874,	133
Rumbling Bridge and Castle Campbell, Queen's Birthday, 1875,	136
Touch Hills and Stirling, Queen's Birthday, 1876,	138
Gourock, 14th April, 1877,	142
Bathgate, 9th June, 1877,	143
Midcalder, Joint-Excursion with the Edinburgh Geological Society, 18th May, 1878,	146
Craignethan Glen and Tillietudlem, Queen's Birthday, 1878,	150
Dalry, 8th June, 1878,	151
Abstract of Treasurer's Accounts for Year ending 30th Sept., 1876,	154
Abstract of Treasurer's Accounts for Year ending 29th Sept., 1877,	155
