Volume xxii of the *Transactions* of the Geological Society of Glasgow begins with the Part now published. It includes papers communicated between the years 1954 and 1955 and incorporates in addition an Abstract of the *Proceedings* of the Society from October, 1953 to March, 1955.

The cost of publication has been partly defrayed by a grant from the Carnegie Trust for the Universities of Scotland and the Council of the Society wishes to make grateful acknowledgment of the assistance so rendered.

The Council would like also to take this opportunity of thanking all those who so kindly consented to act as referees for the different papers now published.
