

CONTENTS.—VOL. V.

	PAGE
I. Notes on a Till or Boulder Clay with Broken Shells, in the Lower Valley of the River Endrick, near Loch Lomond, and its Relation to certain other Glacial Deposits. By Robert L. Jack, F.G.S., of the Geological Survey of Scotland,	1
II. On the Microscopical Structure of Red Quartz-Porphry, from the Old Red Sandstone of Logan Water, above Lesmahagow. By Edward Hull, M.A., F.R.S., Director of the Geological Survey of Ireland,	25
III. The Post-Tertiary Fossiliferous Beds of Scotland. By Rev. H. W. Crosskey, F.G.S., and David Robertson, F.G.S.	
XX. Kyles of Bute,	29
IV. On the First Appearance of certain Fossils in the Carboniferous Strata around Beith and Dalry. By Robert Craig Langside, Beith, Corresponding Member,	36
V. On a Bed of Fine-Grained Indurated Sandstone, enclosing Rolled Pebbles of Quartzite, interstratified with the Trap of the Campsie Fells. By John Young, F.G.S., <i>Vice-President</i> ,	51
VI. Geological Notes on the Noursoak, Peninsula, Disco Island, and the country in the vicinity of Disco Bay, North Greenland. By Robert Brown, of Campster, M.A., Dr. Phil., F.L.S., F.R.G.S., &c., Honorary Associate, With a Map,	55
VII. Notes on the recent Ostracoda and Foraminifera of the Firth of Clyde, with some Remarks on the Distribution of <i>Mollusca</i> . By David Robertson, F.G.S. With two Tables,	112
VIII. Notes from the Island of Bute. By David Corse Glen, C.E.	
I. On a Tract of Columnar Sandstone, and a Perched Boulder, near Kilchattan,	154
II. On a Magnetic Sand from East Bay, Rothesay,	158
Proceedings for the Year 1873-74,	160
Summer Excursions, 1874—	
High Blantyre,	168
Giffnock,	168
Corrieburn,	170
Abstract of Accounts for Year ending 30th Sept., 1873,	172
VIII.* Note on the Polyzoa of the Hairmyres Limestone Shale, East Kilbride. By John Young, F.G.S., V.P., and David Robertson, F.L.S., F.G.S.,	173

	PAGE
IX. Notes on the Silurian Rocks of Dumfriesshire and their Fossil Remains. By James Dairon, V.P. With two Plates,	176
X. Notes on a Tract of Vertical Trees in Carboniferous Strata. By William Grossart, Surgeon, Salsburgh,	184
XI. On River Debris found in Sandstone. By William Grossart, Surgeon, Salsburgh,	188
XII. Notes on a Raised Beach at Cumbrae. By David Robertson, F.L.S., F.G.S.,	192
XIII. On the Geology of the Island of Islay. By James Thomson, F.G.S., Corresponding Member of the Royal Science Society of Liège, Belgium. With a Map,	200
XIV. Geological Notes on the Cuttings in the City of Glasgow Union Railway, between Bellgrove and Springburn. By James Neilson, jun.,	222
XV. Notes on Glacial Mounds near Balquhider, Perthshire. By Dugald Bell [Abstract],	234
XVI. On the Geology of Switzerland. By Dugald Bell [Abstract],	236
XVII. Geological Climate. By Sir William Thomson, LL.D., F.R.S., &c., <i>President</i> . With a Map,	238
XVIII. Notes on the Fossils of the Orchard Limestone Series. By James Armstrong, and John Young, F.G.S., V.P.,	250
XIX. Remarks on the Wealden Borings. By D. C. Glen, F.G.S.,	262
XX. Remarks upon the Bed of Dolerite which crosses Renfrewshire, to the east of Paisley. By Robert Craig, Corresponding Member,	270
XXI. Recent Researches into the History of the Deposits known as Old Red Sandstone. By Professor Geikie, F.R.S., &c. [Abstract],	276
XXII. Notes on a Post-Tertiary Deposit of Shell-bearing Clay, on the West side of the Railway Tunnel at Arkleston, near Paisley. By David Robertson, F.L.S., F.G.S.,	281
XXIII. On the Stratified Rocks of the Garpel Water, Muirkirk, Ayrshire. By James Thomson, F.G.S., &c.,	287
XXIV. Garnock Water Post-Tertiary Deposit. By David Robertson, F.L.S., F.G.S.,	292
XXV. Notes on the Post-Tertiary Deposit of Misk Pit, near Kilwinning. By David Robertson, F.L.S., F.G.S.,	297
Proceedings for the Session 1874-5,	310
Proceedings for the Session 1875-6,	320
Abstract of Treasurer's Accounts for Year ending 30th Sept., 1874,	336
Abstract of Treasurer's Accounts for Year ending 30th Sept., 1875,	337
List of Additions to the Library, 1874-5, 1875-6,	338
List of Members, 1876-7,	at end.
