

CONTENTS—VOL. VIII., PART I., 1883-84, 1884-85.

	PAGE
I. Notes on Cone-in-Cone Structure. By John Young, F.G.S., <i>V.P.</i> With Illustrations [Plates I. and II.],	1
II. On the Upper Limestones of North Ayrshire, as found in the District around Dalry, and elsewhere. By Robert Craig, Langside, Beith, <i>cor. mem.</i> ,	28
List of Fossils in the Upper Limestones of North Ayrshire. By Robert Craig,	36
III. The Parallel Roads of Lochaber; the Problem, its Conditions and Solutions. By William Jolly, F.R.S.E., F.G.S., <i>V.P.</i> [Summary],	40
IV. Notes on some Fossil Plants collected by Mr. R. Dunlop, Airdrie, from the Lanarkshire Coal-field. By Robert Kidston, F.G.S. With a Plate [No. III.],	47
V. The Joint Excursion of the Edinburgh and Glasgow Geological Societies to Ben Nevis and the Parallel Roads of Lochaber, in July, 1885. By William Jolly, F.R.S.E., F.G.S., Leader of the Excursion,	72
VI. A Glimpse of Skye; with Remarks on Volcanic Action. By James White,	105
VII. Notes on Tarbert, Argyllshire. By James White,	111
VIII. Notes on the Geology of Oban. By Dugald Bell, <i>V.P.</i> [With three Woodcuts],	116
IX. Notes on the Cathkin "Osmund Stone," a Volcanic Tuff. By John Young, F.G.S., <i>V.P.</i> , and D. Corse Glen, F.G.S.,	134
X. Notice of the late Dr. Thomas Davidson, F.R.S., F.G.S., <i>hon. mem.</i> By John Young, F.G.S., <i>V.P.</i> ,	138
XI. Notes on the Carboniferous Brachiopoda, with Revised List of the Genera and Species. By John Young, F.G.S., <i>V.P.</i> , Revised List of Scottish Carboniferous Brachiopoda, 1885. By John Young, F.G.S., <i>V.P.</i> ,	143 159
XII. The Old Red Sandstone of Lanarkshire, with Notes on Vol- canic Action during Old Red and Carboniferous Times. By John R. S. Hunter, D.Sc., LL.D., F.R.Ph.S.E., etc., <i>hon. mem.</i> ,	161

	PAGE
XIII. Notes on the Discovery of a Fossil Scorpion (<i>Palaeophonus Caledonicus</i>) in the Silurian Strata of Logan Water. By John R. S. Hunter, D.Sc., LL.D., F.R.Ph.S.E., etc., <i>hon. mem.</i> [Summary],	169
XIV. Notice of the late Mr. Andrew Patton, East Kilbride, <i>cor. mem.</i> By James Coutts,	171
XV. The Geology of the Territory of Idaho, U.S., and the Silver Lode of Atlanta. By James Thomson, F.G.S. [Summary],	173
XVI. Notice of the late Mr. James Coutts. By John Young, F.G.S., <i>V.P.</i> ,	177
XVII. Notes on some of the Principal Geological Papers read at the British Association Meeting, Aberdeen, 1885. By James B. Murdoch, <i>Hon. Sec.</i> [Summary],	179
Proceedings of Session 1884-85,	185
Report of the Council for 1883-84,	186
Excursions for 1884,	187
Treasurer's Report for 1883-84,	188
Librarian's Report for 1883-84,	189
Proceedings of Session 1885-86,	196
Report of the Council for 1884-85,	197
Excursions for 1885,	197
Treasurer's Report for 1884-85,	199
Excursion to Lochaber, July, 1885,	206
Abstract of Accounts for Year ending 30th September, 1884,	208
Abstract of Accounts for Year ending 30th September, 1885,	210
Office-bearers for Session 1885-86,	212

PLATES.

	PAGE
Plate I. Illustrations of Cone-in-Cone Structure,	16
(Two Figures, with separate page of explanation.)	
Plate II. Illustrations of Cone-in-Cone Structure,	16
(Four Figures, with separate page of explanations.)	
Plate III. Figures of New Coal Plants,	71
(Explanation on p. 71.)	
Woodcuts—Fig. 1. Ideal Section of Kerrera (M'Culloch),	133
Fig. 2. The same outline with details filled in (Bell),	133
Fig. 3. Section through the highest point of Kerrera (Judd),	133
